

## MedicalDirector Clinical and Pracsoft Training

Speaker: Margaret Windsor

### Workshop description

Northern Queensland Primary Health Network will be delivering face-to-face workshops for practices and staff, to upskill and empower practice staff. Two workshops will run per day. One session will suit intermediate and beginner users, and the advanced session will suit users ready to take the next step in improving use of MedicalDirector Clinical and PracSoft.

### Session 1—basic and intermediate workshop

#### Learning objectives:

- entering and updating patient details
- appointments
- billing processes
- online claiming options
- minimising exceptions
- use the word processor
- data cleansing.
