About the conference

myPHN Conference 2018 is a key event in the primary health calendar which invites health professionals to share their knowledge and experiences around the theme 'Connecting our health care together'.

The need for collaboration to address the challenges we face in health, and to promote health and wellbeing, has never been greater. myPHN Conference 2018 is a unique opportunity for delegates to come together to discuss how we can better meet peoples' health needs.

Conference streams

Working together to:

- ✓ establish a shared vision for community need
- ✓ build workforce capacity and future capability
- ✓ improve health systems and technology
- ✓ deliver innovation, research, and reform
